PURE SAUNA

We live by the "Pure Sauna" motto. Not only are we committed to providing the finest products for the best sauna experience, we stay true to our authentic Finnish roots and our commitment to nature and the environment.

The world moves on outside the walls of your Finnleo sauna. But within, a gentle yet persistent heat makes its way to your core. The day's stresses melt away as you let yourself go in the wash of comfort. There are no distractions. You can think, feel, be yourself once again.

These walls represent the finest quality construction and European design. This sauna looks as good as it feels. In here, inspired aesthetics and engineering quietly combine to offer welcome refuge. A genuinely simple pleasure you

are free to enjoy time and time again.

Our wood comes from sustainable certified forests. Additionally our heater factory is ISO-9001 and ISO 14001 certified for quality and environmentally sound practices.

BETTER LIVING THE FINNLEO WAY

Finnleo is TyloHelo World Group, the largest sauna and steam bath company in the world, with a history dating back to 1919 when the company was established in Wyborg, Finland. The Finnleo experience is as genuine as it gets, because our saunas are designed to deliver the same simple, uncomplicated pleasure people have been enjoying for thousands of years. There is the solid comfort knowing we use responsibly-sourced wood from northern forests. Our heating engineering is based on tried and true principles of our authentic Finnish roots. We call it pure sauna, and with Finnleo you can enjoy it in the comfort of your own home as often as you like.

DESIGN

True to our roots, Finnleo invests heavily in ensuring the Scandinavian design aesthetic and overall sauna experience is reflected in all our products. Finnleo's "Tonttu" series of sauna heaters and interior solutions, for instance, were developed in collaboration with world renowned industrial designers Ristomatti Ratia and Esa Vapaavuori.

The Saunatonnttu heater revolutionized possibilities for interior sauna design, allowing innovations such as raised platforms with the heater rising through them to benches wrapped around the heater. The Tonttu heater series is characterized by its adherence to the uncluttered feel, freshness and casual elegance of Scandinavian design.

The collaboration has also led to stunning interior solutions never before seen in traditional saunas. Their aesthetic purity and clean lines epitomize the highest standards of Scandinavian design, enhancing the pure sauna experience. The new interiors have completely changed the way saunas look and how they can be used and enjoyed.

FINNISH MODERN DESIGN AT ITS VERY BEST

For the Tonttu series Finnleo teamed up with world-renowned Finnish designer Ristomatti Ratia. The result is truly innovative - a stunning blend of form and function. Incorporating patented design and using space age insulation technology combined with dramatic rounded forms it offers new possibilities in sauna room design.

QUALITY

When you choose Finnleo, you are ensuring only the very highest level of commitment to quality will become part of your home. We work on the principle that quality is important to even the smallest detail. This is your assurance that only the best materials, design and production processes are used in creating your pure sauna experience.

As a TyloHelo World Group company, Finnleo has the largest and most advanced sauna and heater manufacturing plants in the world. In addition, we have the most extensive research and development program of any sauna manufacturer — to provide you with products that are innovative, yet true to the genuine traditions of sauna and bathing.

All Designer, Sisu, Outdoor, Patio and Custom Cut sauna rooms are proudly manufactured in the USA.

PRODUCT RANGE

Finnleo is the market leader and has the most complete line of traditional and infrared saunas. From entry level portable saunas, to deluxe saunas with custom lighting, custom benching and multiple wood choices and styles, Finnleo has a solution for every taste and budget.

Finnleo design and quality is evident throughout our product lines. We are proud to be able to offer the widest range of exclusive features and options, letting you stylize the interior and exterior to suit your home and decor. What's more, help with planning, sales, installation and service are simply a phone call away. With Finnleo, it is easy to shape a pure sauna experience that is exactly right for you.

RELAX

Modern living is complicated. We have had to become experts in time and stress management. Our work is more demanding, our home and life responsibilities more challenging than any previous generation.

At Finnleo, we believe this only makes the case for owning a sauna—and taking advantage of its purifying comfort daily—even more important. A few minutes of deep, soothing heat melts away the day's stresses. We emerge relaxed, revived and ready for whatever the day may bring.

In here, we can share a few precious moments with those closest to us. Let conversation flow freely. Or simply give ourselves a chance to breathe, to slow down and reflect, to help ourselves be better by feeling better.

HEALTH

Much has been made of the health benefits of sauna bathing. With good reason. Physically, nothing is more reinvigorating than a deep, healthy sweat every day.

Tension fades. Muscles unwind. Toxins are flushed from your body. You get a cardiovascular workout as blood vessels dilate and your heart rate increases, burning calories. Natural chemicals are released—endorphins—reducing mental stress, soothing sore muscles and joints, and inducing a deeper sleep. Skin is cleansed of bacteria, and dead cells are replaced—leaving you with a soft, glowing appearance.

A few minutes a day is all it takes to look and feel better. The body's response to gentle, persistent heat is well-documented and proven. Which is why more and more doctors are recommending its purifying benefits.

BENEFITS

Saunas relieve stress. The heat from the sauna stimulates the release of endorphins. Endorphins are the body's all-natural "feel good" chemical, and their release provides a truly wonderful "after sauna glow."

Saunas relax muscles and soothe aches. Heat-stimulated endorphins can have a tranquilizing effect, minimizing muscle pain and soreness. Heat also increases blood flow, speeding up the body's natural healing process.

Saunas flush toxins. Deep sweating in a sauna can help reduce levels of lead, copper, zinc, nickel, mercury and chemical - toxins commonly absorbed just from interacting with our daily environments.

Saunas cleanse skin. When the body sweats, skin is cleansed and dead skin cells are replaced - keeping your skin in good working condition.

Saunas can help you sleep better. Research shows the slow, waning effect of declining endorphins after a sauna can facilitate sleep.

Saunas improve cardiovascular performance. As core body temperature rises, cardiac output increases. When we cool off again, the heart rate drops, giving our hearts a healthy workout that improves performance and helps the body's regulatory system.

6' D x 7' W Deco sauna; lighting in backrest, optional smoked glass heater surround/bench insert.

DECO

Deco takes the art of interior sauna design to new heights. Conceived by acclaimed Finnish designer Esa Vapaavuori, Deco's inviting aesthetics and intelligent comfort can be formatted to almost any sauna room layout. Clean, fresh and smart, Deco is a marriage of tradition and innovation you will look forward to taking comfort in daily.

INVITING BY DESIGN

Deco interiors seduce not only by their look and feel, but by their flexibility and ease of maintenance. Available for any sauna room 5' x 6' or larger, Deco benches and wall finishes come in your choice of Nordic White Spruce/Abachi, Canadian Hemlock/Abachi, or Western Red Cedar.

Benches were designed to provide you with as many interior placement options as possible. Smart features include interchangeable, furniture-quality sections that can be adapted for sitting or lying in the upper benches, and a wall-to-wall middle platform with a liftable section for easy cleaning underneath.

For maximum comfort and visual appeal, Deco includes custom back rests for both side and back walls. And while Deco was purpose-designed for Tonttu heaters, you can still choose other Finnleo wall or floor heaters if you prefer.

Deco is also open to additional personal touches, such as options for a subtle fiber-optic lighting system integrated into backrests.

THE INTERIOR SYSTEMS INCLUDE DECO DESIGN DETAILS SUCH AS

- Furniture quality benches on a wall-to-wall platform
- Moveable bench sections to create maximum flexibility for sitting or lying down
- Middle platform section tilts up for easy cleaning of floor
- Optional low voltage lighting system integrated into the custom backrests and water bowl
- Optional Deco glass water bowl with faucet
- Available in a wide range of Finnleo Saunas, including modular sauna rooms and Custom Cut sauna rooms
- Bench layout/design can be customized to fit desires of the end-user
- Available in Nordic White Spruce/Abachi (standard), Canadian Hemlock/Abachi, or Western Red Cedar

INTERIOR AND EXTERIOR SOLUTIONS

One size definitely does not fit all at Finnleo. We know your sauna is a personal retreat, and that the pure sauna experience is shaped in large part by the comfort and decor details you choose. That's why Finnleo has a wide range of high quality options that let you design the exact right sauna for you.

THE ONLY LIMIT IS YOUR IMAGINATION

Choose from deluxe interior and exterior upgrades such as all-glass front saunas, Deco interior systems, deluxe interiors, exclusive European sauna wood species, luxurious contrasting wood colors, curved glass doors and windows, sound systems, user-friendly digital controls, heater designs....

These are just some of your options. These and others shown throughout this catalog are available for most Finnleo traditional saunas. And thanks to our custom manufacturing capabilities, no idea you have is too big or too small to explore—simply contact us and we'll be happy to help make your dream sauna come true.

Twilight Designer Sauna in-home fitness center

DESIGNER SAUNAS

As the name implies, The Designer Series is a range of high quality sauna room styles modeled along the clean, simple yet elegant lines found in the best examples of Scandinavian design. Even better, they are available as prefabricated panel kits, making them available for use after just a few hours of assembly.

LOOKING GOOD MADE EASY

Finnleo's Designer Series are the most luxurious saunas available in North America. Loaded with upgrades, Designer saunas offer unequalled choice in aesthetics, function, quality and convenience, making the decision to enhance your home with a personal wellness center even easier.

Designer saunas are crafted from the finest Scandinavian whitewoods to Finnleo's exacting standards. Each one has individually selected and finished boards and comes with precision finish doors and windows. Extensive use of glass and angles gives each sauna an air of exclusivity balanced with a warm and welcoming feel.

The clean, contemporary styling and obvious quality of Finnleo's Designer saunas make it almost impossible to believe they're made from prefabricated panels. Your sauna is delivered as a complete kit, and will be ready to use after only a few hours of assembly. Top quality materials and engineering ensure your Designer sauna will be as inviting in the years to come as it is today.

Choose from Twilight, Reflections, Serenity, Seaside, Solace, Mystique, or Moonlight. Individual layouts and features are shown on pages 38-41. Or visit www.finnleo.com for more photos and information.

CUSTOM-CUT SAUNAS

LUXURIOUSLY DESIGNED,
HANDCRAFTED FOR FRAMED
WALL APPLICATIONS

Finnleo Custom-Cut saunas give you options you might not have thought possible. Personal design preferences. Solutions for odd or limited spaces. The beauty of a Custom-Cut solution is you get to have your sauna, your way—and still benefit from Finnleo materials, expertise, and quality engineering.

Custom-Cut sauna installed under stairway

HAVE IT YOUR WAY

Finnleo Custom-Cut saunas are perfect for homes, hotels, corporate fitness centers, health clubs... The possibilities are endless. Custom-Cut saunas are hand made using the highest quality Nordic white-woods for the walls and ceiling, and elegant Abachi for the interior furnishings — just like in the finest saunas of Europe.

Finnleo's commitment to detail shows throughout the sauna, particularly in the bench construction. Custom-Cut saunas include a European style all-glass door, or you can choose from other Finnleo door options. You can even choose your preferred wood for paneling and furnishings.

Hand-crafted to your plan, we'll pre-cut the finest materials for your walls and ceiling and pre-build the benches and door — all for final installation on your framed walls. Simply provide the inside dimensions of the framed walls, the door location and your preference for bench configuration. We'll do the rest.

Innovative use of glass windows and doors, unusual angles, unique bench configurations — with a Finnleo Custom-Cut sauna, almost anything is possible. And if you need help with planning or in choosing from various options, simply call, email or fax us. We'll be there to provide free recommendations and CAD drawings.

Sisu 5'X7' With Sidelight Windows in Nordic White Spruce and Abachi

SISU SAUNAS

Finnleo's Sisu series has become a classic of the sauna world. True to tradition, Sisu saunas are made in the Finnish style of exclusive fine-grained Nordic White Spruce—you'll even notice a subtle scent of deep Finnish forests. Sisu—a clean, pure expression of sauna at its genuine best.

Sisu 5'X7', Western Red Cedar

Sisu 5'X7', Hemlock exterior and interior with Abachi benches and backrests

THE ESSENCE OF SAUNA

Sisu saunas glow with genuine welcome. The room itself is light and well-ventilated. The wood for panels, frame and flooring, in Nordic White Spruce or optional clear Western Red Cedar or premium Canadian Hemlock, is clean, unpretentious, strong—a perfect frame for the pure sauna experience.

Sisu saunas offer unlimited options, from personal size saunas to large club size saunas, making them equally ideal for private or public use. Custom designs and sizes are available as well, and interiors, windows, doors and much more can be personalized with a wide variety of options.

Abachi is used extensively throughout the sauna — wherever skin touches wood — on benches, backrests, head rests and door handles. Abachi wood remains comfortable to the touch even at high temperatures, resists stains and odor absorption, and has no knots or splinters. It is the ultimate sauna bench material, and is used in the finest saunas of Europe.

You can personalize your sauna with any number of available options including:

- Deluxe interiors (as shown on pg. 14-19)
- Deluxe “Sunburst” interiors
- Bronze tinted sidelite windows (tempered insulated glass)
- Special doors, including Finnleo’s popular all-glass door or etched glass door
- Custom-designed dramatic angles
- Saunatonnttu or Pikkutonnttu heater upgrades

Choose from several door and window styles to personalize your sauna and give it the look you want. Door options include:

- Hemlock door with traditional window
- Hemlock door with window and grids
- All-glass door (standard)
- Etched all-Glass door with birch leaf design
- Etched birch leaf door with negative image
- Satin all-glass door for privacy
- Sidelight window options in multiple panel locations or tint options

All doors are prehung and include handles and preinstalled latching system

ALL SISU PACKAGES INCLUDE

- Abachi benches, backrests, headrests, heater guard and duck boards
- Prebuilt, prefitted wall and ceiling panels — all completely blind nailed, Nordic White Spruce interior and exterior
- Prehung all-glass door, hinged left or right, premounted in its own panel
- Heater, rocks, bucket, ladle, light, thermometer and necessary hardware

HALLMARK SAUNAS

Finnleo's Hallmark Series makes owning a personal oasis at home easier than ever. Easy to assemble, yet loaded with upgrades usually found only in designer-type saunas, Hallmark puts the opportunity for a daily chance to relax and recharge within reach of everyone.

INSTANT GRATIFICATION

Hallmark is attractive in more ways than one. To the eye, top quality clear Canadian Hemlock inside and out reflects golden light in a warm, comforting glow. The exterior is protected with a biodegradable finish for a luxurious look and ease in maintenance. Interior puck lighting, color therapy lighting system and integrated sound system complete the aura of luxury.

But even though you wouldn't know it by looking at it, Hallmark is well-known as one of the best values in traditional saunas. And its clever hook and pin panel design means Hallmark is easily assembled in less than an hour.

Hallmark saunas come complete with a built-in floor with vinyl surface, which makes cleaning and maintenance a breeze. The sauna is powered by stainless steel Finnleo Junior or Viki wet/dry sauna heaters, featuring the dependable climate-creating efficiency you'd expect of a Finnleo. Your comfort is easy to adjust using the intuitive SaunaLogic digital controls.

Choose from 5 sizes (4x4, 4x6, 5x5 corner, 5x7 and 6x6 corner). And if you like the idea of being able to take your sauna with you, consider the HM44. This simple 6 panel version is even easier to assemble and take down, yet still boasts all Hallmark features.

QUALITY TIME OUTSIDE

The Finnleo Patio sauna's simple panel construction makes it easy to assemble anywhere you have space in just a few minutes. At the same time, Patio's integrated walls and gable system ensure you will enjoy a strong, durable sauna that will be perfectly at home outside for many years to come.

All Patio saunas come with Cedar exterior, Cedar runners and a vinyl subfloor, allowing you to place it nearly anywhere without risk of damage. The roof kit is fully insulated and available with plywood (ready for your shingles), cedar shingles or metal roofing.

Inside, you'll enjoy all the comfort, style and attention to detail you expect from Finnleo. Nordic White Spruce or Cedar on the cathedral ceiling and walls creates a light, cozy, genuinely sauna feel. Abachi furnishings feel as good as they look, staying cool to the touch despite the sauna heat.

Patio is naturally perfect for the deck, or anywhere you like in the backyard. If you have a pool or hot tub, all the better—a Patio sauna will only add to the pleasure you already get from them.

Metro MS812 w/Painted Gray Exterior and Optional Crank-Out Windows

METRO - OUTDOOR SAUNAS

Metro brings modern sauna comfort and luxury to your backyard. Perfect for outdoor entertaining, Metro is at its best near the patio, pool or lake—if pool or lake side, you and your guests will be able to enjoy the ultimate experience of “sauna with a cool water plunge.” Beautiful, durable, welcoming: Metro is an ongoing invitation to enjoy your great outdoors.

THE ULTIMATE HOME ADDITION

Is there a better way to spend quality time at home than with family and friends in the backyard? Finnleo Metro saunas fit right in with outdoor entertaining: always inviting and always rewarding.

Metro is an excellent option for pool owners. Three of the four Metro models include spacious changing rooms, which means they can easily double as a poolhouse. And the swimming season can be extended, maybe even year-round, as you'll be able to enjoy the deep, gentle heat of the sauna before taking

a refreshing plunge. Go a step further to add a shower and/or a toilet into the changing room, and you'll avoid pool-users tracking wet feet into the house.

Metro offers the comfort and luxury of the pure sauna experience, yet is surprisingly easy to assemble. The walls and roof are constructed of 4¹/₄" insulated panels, finished on both sides. The interior features quality tongue-and-groove Nordic White Spruce—in both the sauna and changing room.

FINNLEO THE NATURAL CHOICE

The Finnleo pure sauna experience is designed from a profound respect and care for the nature that inspires it. We take our environmental responsibility seriously—in everything from recycling and manufacturing waste on a local level, to sourcing timber from sustainably-managed forests originating in countries known for their responsible forestry management.

We have also taken great care to ensure our saunas use as little energy as possible. Compared to hot tubs and jetted tubs, Finnleo saunas use much less power to heat and stay warm. This not only saves you money, but is much better for our environment. Because for us, the sauna experience can only be truly pure if it includes peace of mind.

Built-in Saunatonnttu heater

SAUNATONNTTU

HEAT STORING HEATER: READY WHEN YOU ARE

A collaboration between Finnleo and world-renowned designer Ristomatti Ratia, the SAUNATONNTTU is the ultimate sauna heater. Incorporating several patented features and superb European design, SAUNATONNTTU is truly the “best sauna heater in the world”, bar none. Its secret is in the constant heat retention by the large quantity of rocks within the super-insulated shell. This means soft, perfect heat is always available, letting you enjoy a sauna without preheating.

THE SAUNATONNTTU HEATER

- Low 300 W standby power, 200 lbs rock capacity and unique black insulation shell ensure genuine sauna heat quality is stored and available as you want it.
- Patented insulation system is cool on the outside, minimizing safety distances and giving you more freedom in layout design.
- Compact (size 19 3/4 x 43 x 19 3/4 ") yet high capacity and output.
- Part of the famous RATIA collection — professional world-class design with the latest sauna heating innovations and functions.
- Can be mounted free-standing or sunk into the floor or bench of your sauna.
- Easy to clean and maintain, guaranteed for years of trouble-free performance.

PIKKUTONTTU

FOR THE ULTIMATE IN DESIGN AND PERFORMANCE

For those sauna bathers that do not need their heater “always on”, the Pikkutonttu has been added to the Tonttu Series. Instead of being always on, the Pikkutonttu is controlled with the Finnleo Digi Series control and turns on only when activated by the control. Even though the heater has a huge rock mass, its super-insulated shell keeps sauna heat-up time similar to a traditional sauna heater. With its 24-hour programmability, users can easily program the Digi series control to have the heater hot and ready at a prescribed time.

THE PIKKUTONTTU HEATER

- Developed in collaboration with renowned Finnish designer Ristomatti Ratia
- Tonttu stylized insulated shell with traditional heater startup
- 154 lbs. Vulcanite rock capacity creates a soft, gentle and luxurious heat that reaches all parts of the cabin evenly
- Very low shell surface temperature, protects skin from accidental touches
- Small safety clearance, can be fixed in corners and close to benches—always double check safety distances in the manual
- Easy to use and manage, choose from four different Digi Series control panels
- Contemporary curved front and circular top adds a modern yet traditional feel
- Available in your choice of 6.5kW and 9kW

SAUNA HEATERS

WOODBURNING

Traditional woodburning saunas really go to the heart of the pure sauna experience: the incomparably soft heat, lush hiss of steam and relaxing crackle of a wood-fueled fire... even the ritual of tending the fire. It is a heritage sauna enthusiasts have treasured for thousands of years. Captured and reinterpreted for modern living in today's Finneo wood burning heaters.

The patented air channeling system between the outer shroud and inner firebox allows heated air to efficiently pass through the rock chamber for faster and more even heating of the rocks. This improves steam generation and air circulation in the sauna. As the fire dies down, the firebox walls cool and the air stops rising through the rock compartment and is redirected to the side vents. We call this the "Coanda" effect. The stones retain their heat longer, providing long-lasting comfort while using firewood as efficiently as possible.

Finneo Woodburning Sauna Heaters Feature:

- No electricity needed—perfect for cabins or remote locations
- Outer shield finished in heat resistant paint and stainless steel (KS models) looks great and contributes to softer heat
- Large rock capacity means soft heat/steam
- Patented 'Coanda' air ventilation system for long steel life and quick efficient heating time (KS models)
- Removable ash pan
- Interior or exterior feed options
- Chimney outlet out the top or back
- Optional enclosed stainless steel water tank
- For saunas from 200 cu. ft. to 988 cu. ft.
- Quality construction: heavy duty steel interior
- CE safety listed (most models)

For saunas from 212 to 425 cu. Ft. An excellent sauna heater from the friends of traditional Finnish sauna. With a small amount of wood it gives plenty of heat. Rock capacity 100 lbs.

Karhu 16PK

Same as 16CK but with CE listing, SS trim and glass door. Special order only.

Karhu 18PKES

Similar to 16PK heaters but with built-in water tank. Front mount water tank with right or left spigot selection. For saunas 212 to 425 cu. ft. Rock capacity 100 lbs. Shroud color may vary (call for details).

Karhu 20 PKVO

Same as the popular 20PK, but with built-in integral water tank. Includes glass door and patented 'Coanda' air circulation system. For saunas 282 to 706 cu. ft. Rock capacity 132 lbs.

Karhu 27 PKVO

This high performance woodburning heater is for large saunas and includes a glass door and integral water tank. For saunas 530 to 850 cu. ft. Rock capacity 132 lbs.

Karhu 20PK

This popular powerhouse for mid-sized saunas has a satin steel front panel finish for elegance and long life. Includes a glass door standard and features our patented 'Coanda' air circulation system for long life and efficient heat up. For saunas 282 to 706 cu. ft. Rock capacity 132 lbs.

Karhu 20 KSIS

This external feed wood stove is perfect for saunas where the owner wishes to feed the stove from a changing room or wood shed. The glass door allows the heater to be used as a dual fireplace for the changing room side of your sauna. For saunas 282 to 706 cu. ft. Rock capacity 150 lbs.

Karhu 27 KSIS

The larger external feed wood stove is meant for large scale saunas where an external feed system is desired. It has the added benefit of a glass door on the changing room side of the sauna for a special "fireplace effect". It can also help heat the changing room during winter use. For saunas 425 to 988 cu. ft. Rock capacity 200 lbs.

SAUNA DOORS

In a Finnleo sauna, the door isn't simply a closure—it is a gateway between worlds that always say "welcome". Most Finnleo saunas include a European-style all-glass door. But you can also choose from several door and window styles to personalize your sauna. Finnleo's six optional door designs are available in standard and handicap-accessible sizes. All Finnleo doors include our exclusive latching system and laser-etched handles.

CarbonFlex®

REDEFINING THE STANDARD FOR INFRARED SAUNAS

Far-infrared saunas radiate a deep, penetrating heat that melts cares away at the end of a stressful day. If you like to work out, an infrared session before your exercise warms up muscles and increases flexibility, helping to avoid injury. Use after a work out for gentle soothing of sore muscles. And with minimal waiting time for preheating—when you're ready to relax and re-energize, your Finnleo far-Infrared is ready as well.

WARM UP TO NEW BREAKTHROUGH TECHNOLOGY

Electrical devices, including infrared saunas, naturally produce EMR and EF radiation. Though not harmful in the low doses used in Infrared saunas we have spent the last several years developing a new and breakthrough technology that nearly eliminates this radiation while still maintaining the positive effects of infrared sauna. We call it Pure Infra™ (multiple patents) and this new technology is exclusive to Finnleo. It's the only infrared sauna technology that exceeds the tough Swedish radiation standards.

Finnleo's wall-to-wall flat panel carbon-fiber CarbonFlex® IR heating system literally "wraps" you evenly in gentle heat, avoiding uncomfortable temperature fluctuations found in other IR systems. All Finnleo models can be simply plugged into a 120 volt household outlet. Select one of three lighting systems depending upon the mood: reading lights, color-light therapy, or the soft ambience of valance lighting. Your preferred comfort settings for heat, sound and light are easily managed from the Touch Screen control.

Complete specifications for Finnleo's far-infrared saunas are available on page 71. You can also request the separate Finnleo Infrared Sauna Brochure on our website, www.finnleo.com or from your nearest Finnleo dealer.

PURE HEAD-TO-TOE COMFORT WITH FINNLEO'S EVEN HEAT DISTRIBUTION

One of the most common complaints about infrared saunas is uneven heat distribution—“cold spots”—where no IR waves reach the body, and “hot spots” when seated directly in front of outdated ceramic or metallic IR heaters.

Finnleo Far-Infrared Saunas are purpose-engineered to create the most soothing, full-body heat exposure available. Using the most advanced far-infrared technology, Finnleo’s CarbonFlex® emitters generate even heat and wall to wall full body coverage.

CarbonFlex® heating panels have a larger heating surface, which ensures your perfect bathing comfort in two important ways. First, the larger surface disburses heat over a wider area, keeping their surface temperature comfortable for bathers. Secondly, maximum exposure over the widest possible area creates optimal infrared wavelengths, which in turn produces deep penetration, and soft, even heat you expect for a pure sauna experience.

To guarantee maximum head-to-toe comfort, all Finnleo IR saunas include:

- Wall-to-wall carbon fiber heaters on back wall and sidewalls
- Side wall heaters extending all the way down to floor level
- Exclusive bench seat heaters with on/off button
- Exclusive in-floor heating systems with heated ceramic tiles

INFRA SAUNA

2-IN-1 COMBINATION SAUNA AND FAR-INFRARED

CarbonFlex®

The innovative Finnleo Infra Sauna provides pleasure beyond what a traditional or infrared sauna can do individually. At times, you might prefer to bask leisurely in the comfort of a traditional sauna. When time is tight or you're in the mood for a milder heat therapy, the infrared option is the answer. Our advanced traditional sauna technology has been seamlessly combined with CarbonFlex far-infrared technology that can be included in virtually any Finnleo Modular sauna or Finnleo Custom Cut sauna up to 425 cu. ft.

INFRA-SAUNA INCLUDES THE FOLLOWING STANDARD FEATURES

- Stainless Steel Junior or Viki Heater with SaunaLogic digital control
- Premanufactured wood-framed CarbonFlex heating panels for walls and behind legs; quantity of panels depends upon room size
- All-glass door; many window options available
- Interior of sauna includes Nordic Spruce, Cedar, or Hemlock T&G for walls and ceiling, prebuilt benches, prebuilt bench skirts, backrests, heater guard, floor boards and low-voltage lighting system with color therapy (or alternative lighting system of your choice)
- Bucket, ladle, rocks and installation hardware.

HALLMARK INFRASAUNA IS44

For those who sauna bathe alone, or with one other—or for those who have limited space, the diminutive Hallmark IS44, 4' x 4' two person sauna just might be the best value in the market today. The IS44 comes complete, from the factory, with a “Two-in-One InfraSauna Dual Heating System” of Finnleo’s Low EMR/EF Infrared heating panels as well as a stainless steel traditional sauna heater. Simply assemble and plug in to a 120 volt household outlet. The SaunaLogic control panel allows you to easily select “Infrared” or “Traditional” sauna, depending upon what you’re in the mood for.

A traditional sauna plus infrared sauna provides the best of both worlds.

CUSTOM INFRARED OPTIONS

With Finnleo, there are no limits to how your pure sauna experience takes shape. You are free to customize the design of your infrared cabin. Or tailor a best-of-both-worlds wellness center featuring both traditional and infrared comfort from the same fit to measure sauna cabin. Everything will be precut and prebuilt to your exact specifications. And if you need design assistance, your nearest specialty Finnleo dealer will be happy to help—simply visit, call or email us.

TREAT YOURSELF TO TWICE THE COMFORT

Imagine designing your own personal home spa in almost any shape, size and decor. And being able to use it for quick, energizing IR warmups on weekday mornings. Or letting luxurious clouds of relaxing steam wash over you on weekends. With a Custom Infra Sauna, you get the exact wellness center design that best suits you and your family. And the option to enjoy the comforts of pure sauna any way you like.

UPGRADE YOUR EXISTING SAUNA: JUST ADD INFRARED

Finnleo's custom infrared package means you can freshen up your existing sauna with a comforting addition—the soothing, instant heat benefits of infrared. Or you can convert your existing traditional sauna into infrared only. We will precut, size and plan each component to fit your existing sauna cabin. And you'll be able to control both the traditional heater and infrared from a single convenient digital control pad.
